LOOKING AT STUDENT *LIVES*

THROUGH

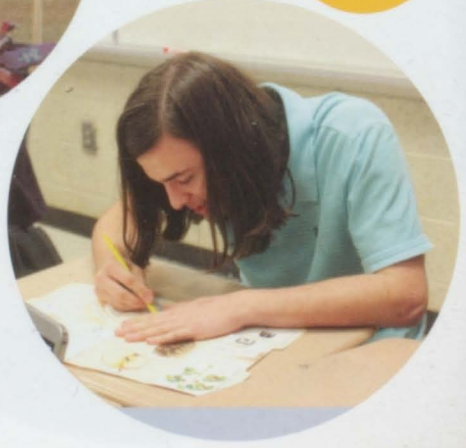

Christopher Valentin Melendez is a Junior, originally from Veterans High School in Warner Robins. He is involved in our honors classes here at PCHS. We caught up with him in psychology class this fall. He enjoys all of the nice students along with our block schedule. He is looking forward to graduating from PCHS and making something of himself.

Will Edgar is another sophomore we stole from Veterans High School in Warner Robins. He is involved in our agriculture department here at PCHS. Outside of school he enjoys running, playing video games, and hanging out with his friends from his previous school. He also really enjoys science, as he wants to major in chemistry.

NEW EYES

Jenaejah Walker is a transfer student from chilly Minnesota. Transferring to a new school has been challenging-- especially as a senior-- but it has helped her find herself. She is taking advantage of all of the opportunities at PCHS and plans on running track while also being a part of National Honor Society.

Viridiana Loera (grade) comes to "the Valley" from Houston County High school in Warner Robins. She plans to play tennis in the spring and possibly band. She enjoys the people here at PCHS. She also plans to graduate on time and with good grades.

Looking Towards

Peach County High School connects with multiple colleges in Middle Georgia to offer students the chance to participate in dual enrollment. Many of our advanced students are getting a head start on life, by working hard to get not only high school credits, but college credits as well. Peach County High School encourages all of our students to look towards their future careers and participate in dual enrollment!

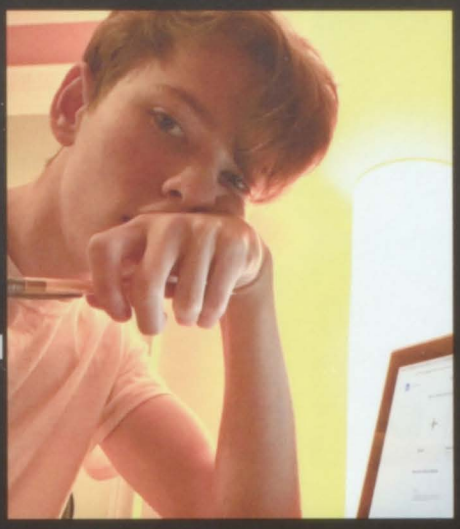

Our Future

Whats it like being an underclassmen taking college courses?

Being an underclassman, I had a disadvantage of experience in taking college courses compared to those taking it full time.
- Max Cunningham

What do you like most about dual enrollment?

The thing that I like the most about dual enrollment is the more rigorous curriculum. It teaches you how to grow and how to manage both your time and priorities.
- Trey Harper

" It is stressful, but yet a wonderful opportunity to get a chance of life after high school."
- Alana Mitchell

" I like it because I feel like I am more in control of things. It also helps with me being able to have a job and do school work at the same time"
-Austin Hortman

Being an underclassmen in dual enrollment is intriguing. It teaches you how to gain discipline. It may seem hard because i'm young but it just takes self control.

- Trinity Deas

I like how we can go ahead and get a feel for what college will be like. We can also go ahead I like how we can go ahead and get a feel for what college will be like. We can also go ahead and get most of our core classes done so we don't have to stress about it later.

Can't Hide That Trojan Pride!

2020!
2021!
2022!
2023!

Through the eyes of a Lady Trojan

What do you love most about playing softball at PCHS?

The coaches are the main reason that I love softball. Unlike most coaches, they don't control every thing we do. Instead they let us have fun but still teach us everything we need to know. Win or lose, softball at Peach County High School is the best.

- Keeleigh Jones

The bonds I will forever hold with each player and the memories made.

Through the eyes of a runner

Back row: Edwin Leon, Braden Meeks, Garrett Alonzo, Victor Garcia, Avantae Sessoms, Darren Slaughter, Kevin Cervantes, Nohlen Douglas, Coach Gordon
Front row: Eithan Flye, Adrianna Leon, Jessica Garcia, Oscar Ramirez

That's right: REGIONAL! Jessica Garcia poses with the team trophy.

The boys team runs together for the big win.

Our cross country team worked hard this year with countless hours of practice. They never gave up and they pushed through the though times and kept going. Their hard work paid off with a second-place title in the region.

Cross-Country begins where the pavement ends.

What advice would you give to an upcoming cross country runner?

"Trust the process, don't give up, keep going, finish strong."

Kevin Cervantes (12)

What's the best thing about being on the cross country team?

"We all stick together and keep each other going, almost like a second family."

Adrianna Leon (9)

What was your favorite memory from this past season?

"Probably when Garrett sang for two whole hours on the way to a meet."

Braden Meeks (10)

What's your one piece of advice for anyone running cross country?

"Run like you just stole something."

Oscar Ramirez (11)

What are you going to miss most about running cross country?

"I will definitely miss the hard worked practices and funny bus rides and just the way we boosted each other up, it was a true team and love for everyone could be felt." **Jessica Garcia (12)**

Through The Eyes of a Volleyball Player

Back row: Taylor Bell, Destiny Richardson, Cameron Neisler, Keona Belton, Abigail Dunn, Kailyn Ugarte, Aamori Daniels, Crystal Williamson, Aaliyah Hannor
Middle row: Trinity Hattaway, Ajayla Williams , Cindy Jimenez,
Bottom row: Kennese McClain, Jasmine Bass, Jeniah Simmons, Hannah Bennett, Jazmine Ellis
Not pictured: Patricia Rodriguez, Te'shea Marshall

Coaches: Lonnie Bartley and Billy Sellers
Managers: Kaori Cornelious, T'Maya Harris, and Unika Williams

This year our Peach County High School girls volleyball team worked very hard to accomplish their goals. They made it all the way to the first round of state playoffs. A job well done for our girls volleyball team.

Describe what volleyball means to you

Volleyball means being a part of something bigger than yourself. It has taught me to keep working and never quit trying to learn more.

-Taylor Bell

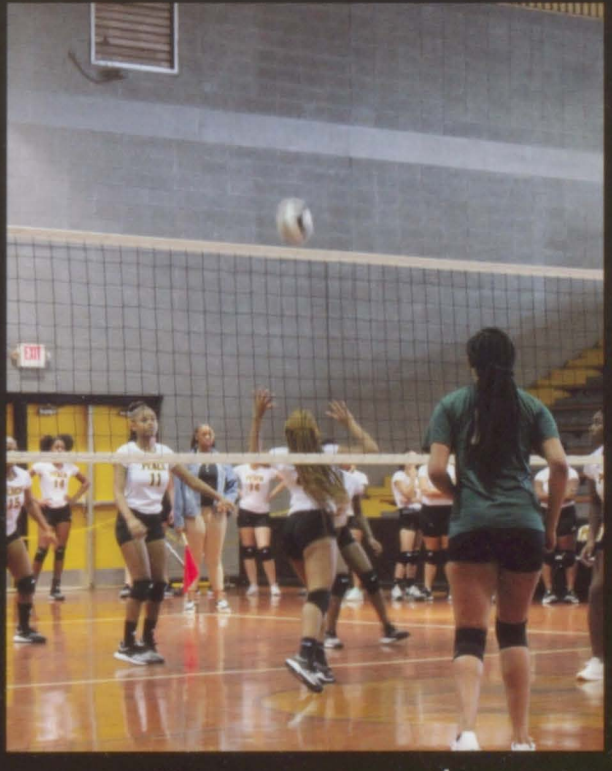

Volleyball means commitment and determination for not only my success, but the whole team. It's my favorite thing in the whole world!"

- Abigail Dunn

Volleyball means to me being a part of something bigger than yourself. It's a true team sport and that's why I love it so much.

- Cindy Jimenez

To me volleyball means family. No matter what kind of day we had, we would always come together as a family to do our best at practice or a game.

- Trinity Hattaway

Looking forward...

What are your expectations for high school?

Timothy Deas

My expectations for high school are pretty normal. I expect it to be fun and memorable.

Emma Harris

My expectations for high school are to make good memories that will last a lifetime.

Mackenzi Toftee

My expectations for high school are pretty high. As I came into this school, my immediate hopes were to make new friends and form better relationships, exceed the expectations of the teachers and staff, be introduced and exposed to new ways of thinking and comprehending, and be prepared for the future that lies ahead. Throughout the school year most of my expectations have been met, but I still have 3 1/2 years ahead!

...looking back

How was your high school experience?

Abigale Matthews

Looking back on high school, it has been a good experience. I have made many new friends and I have made a lot of memories. High school goes by really fast so don't take it for granted. Enjoy it while it lasts!

John Garnto

My experience of high school has been good; I have had my ups and downs. I have made a lot of new friends, I met my best friends in 9th grade. But overall it has been a great experience for me and the staff here treats us with the respect we give them. It has went so fast; I've learned not to take it for granted and live through all the good and bad. Keep your head up and push through and trust me: you'll make it.

Malik Jackson

My high school experience has consisted of highs and lows. I met and befriended a lot of people and created memories that I will cherish forever. I wouldn't change any of my high school experience because a valuable lesson came out of everything I encountered. While having friends is definitely a plus, grades are very important and should always be your priority. Staying positive and keeping a clear mind goes a long way.

WE ARE

TROJANS

We come from a hundred places, from families of all kinds, with genetic markers we can trace from all around the world. Some of us are new to this valley, some of us have walked these ways for generations.

But when we enter these doors, no matter what clothes we wear on the outside, on the inside, we are wearing Trojan armor. We shield ourselves with friendship, with integrity, with knowledge. We enter our myriad battles-- a game, a competition, a grade, a goal we've set-- and we emerge victorious. They knock us down, we get up. We fall, we rise.

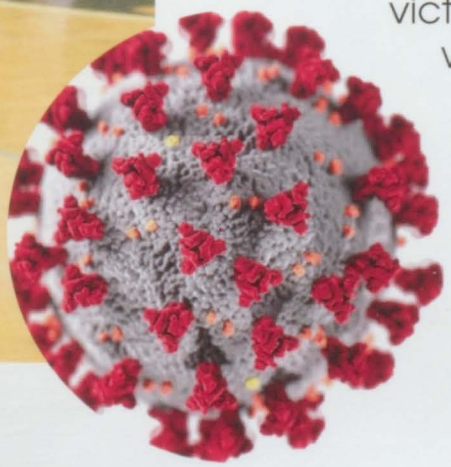

We are a nation of Trojans. We yield to none.

What are you most excited for going into your senior year?

The thing I'm most excited for in my senior year is to have great times with my close friends I've developed from high school and support each other as we all take our separate routes into adulthood.

– Christian Griggs

Actually, to be honest, it's just another year to me. Just a year closer to going to another school doing the same thing but probably just work more (even though I do that now)...

– Amber Harrak

Being able to graduate so I can prove a teacher that said I'll never see a high school diploma wrong, also so I go in the engineering field and be someone worthy of being called an engineer.

How was freshman year different from what you expected?

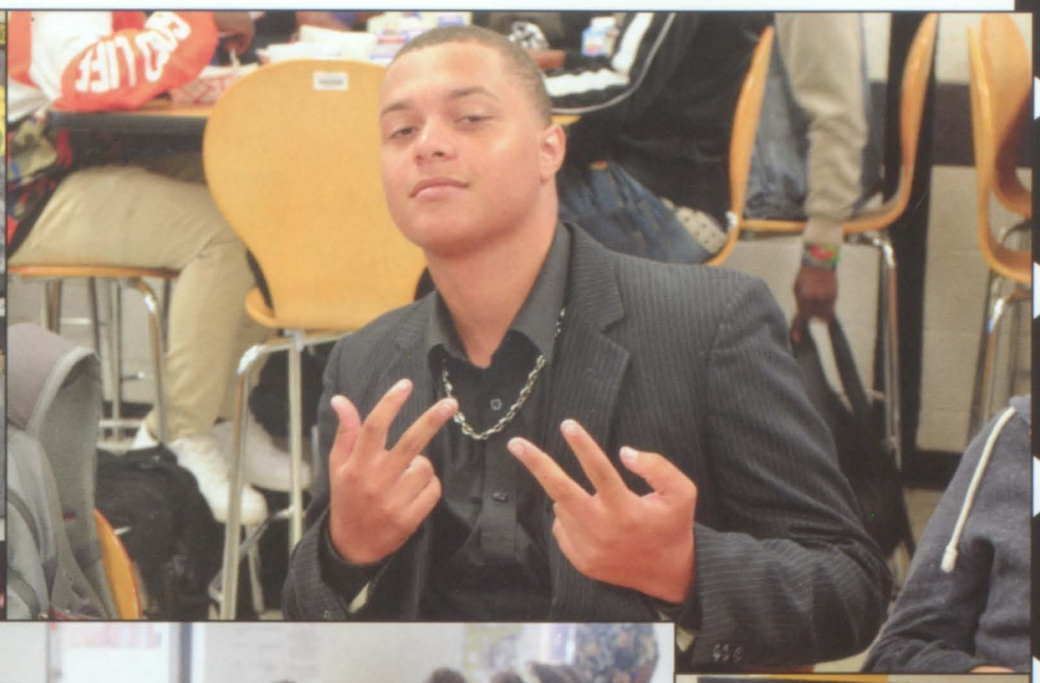

"Everybody said I was going to lose friends and I wouldn't see any of my friends anymore. Well they were wrong, if you make time for them then y'all will be alright. Yeah you'll make new friends because you're at a new school but don't forget who your day ones are.

Keniya Williams

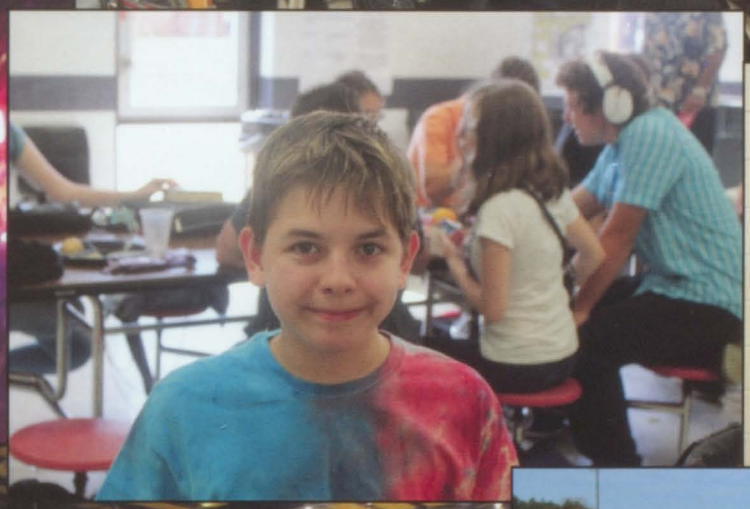

Well even though You know that public high school isn't like "High School Musical" you kind of hope it will be. So, I went in with an unsure expectation of what I was getting into or if I was in over my head. Coming in I was scared and nervous about what I was walking into but I came to know some of the best people I have ever met in my life. High school has been an amazing experience so far."

LOVE THIS LIFE

You're walking down the crowded halls in "B" building, minding your business, when you hear THE VOICE. There's no mistaking Mrs. Phillips' signature sound that overflows like a shook-up soda, or Mr. Robinson's rich baritone, smooth as morning coffee.

Electric or mellow, these are the voices of people who care.

Teacher

Who can turn the world on with their SMILES? Who needs Mary Tyler Moore when we've got Mrs. Emory and Mr. Scrapchansky? The best part is you know it's 100% real. No artificial sweeteners here!

If you're having a rough day, head over to "A" building and turn your frown upside-down!

Let me see you moooooove! You know you got that groooove! When it comes to DANCE FEVER, Mrs. Thomas and Mr. Chancellor have got it bad– and that's good! You know the pep rally hasn't really started until these two shake it up!

Pretty sure they're studying TikTok vids on the weekend.

Superlatives

Hey, have you heard the one about the FUNNIEST teachers in Peach County? Mr. Rickerson and Mrs. Phillips make us laugh– even in staff meetings!

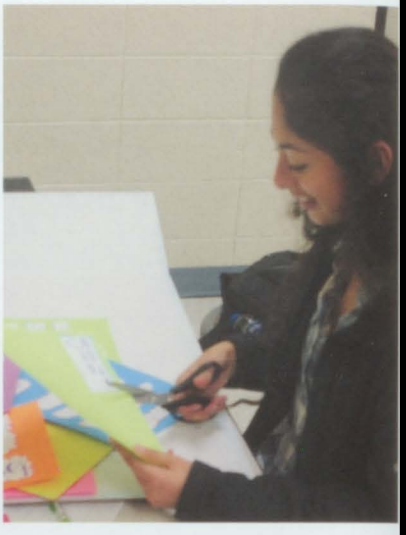

If laughter is the best medicine, these two are our doctors-in-residence!

The Peach County High School track team has worked very hard to accomplish their goals this year. At their very first track meet of the season, in Warner Robins, GA, everyone on the team came in either 1st, 2nd, or 3rd place.

What is your favorite memory from running track?

"My favorite memory of being on track was at my first meet when I ran the mile in 5 minutes and 59 seconds, my fastest time yet."

- Jake Shores

My favorite memory so far would have to be the amount of running and working out we do to make us better athletes.

- Jy'Nesha Engram

"My favorite memory from running track was going to state my freshman and sophomore year."

- Dnashia Robinson

"Every time we're together is my "favorite" memory. Being on the tam gave me another family and brought me closer to many people. There isn't one moment I wish to take back when with the team"

-Taquarrion McCary

Looking at our

Tysun McGhee, Lanette Thompson, Verner Harris, Mikiel Gray, D. Mackey, Emaji Oliver, Malik Jackson, Justin Tucker, Jamarian Lockhart, and Eryn Bailey. Congratulations to our tennis team! Go Trojans!

KAILA MACKEY

Baby Girl.... I knew this day was coming. The day my "Lil' Munchkin" graduates high school and prepares herself for the world. I'm not sad because I know what is in you and I know what this means for our family. Sweetheart, you mean the world to me. From the day you were born, you changed my life. You helped make me a better Dad and a better person. And for that, I thank God for blessing us to have you in our life. God has blossomed you into a beautiful butterfly with so much potential in life. World, get ready because here comes my baby! Baby Girl, we love you so much.

Congratulations to you and the rest of the PCHS Class of 2020.

JESSICA GARCIA

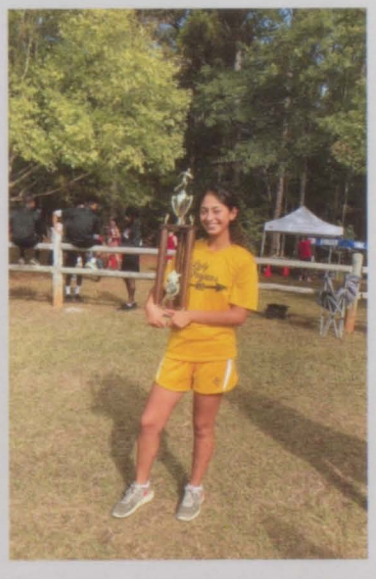

Jessica our princess...
You are the air that we breathe. You're the beat in our heart. You are the tear in our eyes when we are apart. You are the pride that we feel with all you achieve. We are the ones who give you hope and what you believe. You are part of our bodies. But now you are all grown as you wave us goodbye to find a life of your own. Our beautiful girl. You've grown up so fine. You make us know that you are ours. Whenever you feel overwhelmed remember whose daughter you are and straighten your crown.

Class of 2020

Abigale Grace Matthews

We are so very proud of you, your accomplishments, and even more so, the young woman you have become. You have a huge heart and always want to do the right thing. You have been blessed in many ways. Beauty inside and out, intelligence, and an angels voice. Count your blessings and let God guide you. And this is my prayer: that your love may abound more and more in knowledge and depth of insight, so that you may be able to discern what is best and be pure and blameless until the day of Christ. Philippians 1:9-10

Always strive to do your best with what you have been blessed with.

You are loved

LOOKING AT A LEADER

ABIGALE MATTHEWS is the woman of the year, as far as I'm concerned. Who else would have the courage-- and maybe just a little madness-- to assume the weighty, stressful, awesome responsibility of YEARBOOK EDITOR on Day One?

As excited as I was to take on my new role as Yearbook Adviser, it had been-- shall we say, a while-- since I had worked on one. Everything about yearbooking had changed. I was like a freshman in high school all over again, and I needed to count on someone who could guide me through it.

Abigale worked tirelessly to bring you this book. Honestly, none of you can truly appreciate the sheer volume of work she put in, the tears and frustration she battled to give her school a worthy legacy. She did that for you, out of love for this place and these people.

Thank you, Abigale, for helping us see Peach County High School through the eyes of a true Trojan.

"Mr. E."

in loving memory of

Isabella Marie Alonzo

You will be greatly missed

On March 16, the COVID-19 pandemic officially knocked on the doors of PCHS. We went home, transfixed and unnerved by this microscopic threat that, just weeks before, had seemed impossibly far away. We canceled sports, we stayed home, we wore masks, we watched way too much Netflix– but then we learned something:

Peach County High School is not just a set of buildings. We are the TROJANS that make this place what it is is. We teach, we play, we learn, we laugh. We win.

No matter what happens next, count on us to survive and thrive.

Remember who you are. #TrojanSTRONG

WORLDWIDE IMPACT

COVID-19

WHAT IS SOCIAL **DISTANCING?**

THE CENTERS FOR DISEASE CONTROL asked everyone to take intentional actions to avoid passing the coronavirus from person to person. Anyone who didn't feel well was asked to stay home. In day-to-day life, social distancing meant staying away from places people gather and staying at least six feet from other people. That meant no eating in restaurants, no movies or plays and no attending sports events. For younger kids, it meant no playgrounds, playdates or sleepovers. For adults, it meant no trips to the gym, salons or restaurants. The CDC also advised that people cancel all non-essential appointments, including surgeries or medical procedures that weren't critical.

TOILET PAPER **HOARDING**

AS FEARS ROSE over the idea of shelter-in-place orders and quarantine, toilet paper became scarce as consumers decided to clear shelves of TP, hand sanitizer and cleaning supplies. Retailers resorted to limiting the number of packs that could be purchased at one time. We weren't alone, according to CNN, stores in Australia hired security guards to keep the peace in the TP aisles.

TP by the numbers:

- About 90 percent of the TP sold in the U.S. is also made in the U.S.
- The average person uses about 100 rolls each year.
- Approximately 75 percent of the world's population doesn't use TP.
- They do use TP on the International Space Station.
- Normal daily production is more than 83 million rolls per day.
